Hello Nick

Today we completed zone 4 and part of zone 8. Zone 4 consisted of Matagorda County and Wharton County. Summary for this zone is:

NPL = 1 of 1
RMP = 16 of 16
DW = 87 of 87
WW = 17 of 17

Zone 8 is in Brazoria County. The zone is about 10% complete with the following summary:

NPL = 0 or 1
RMP = 2 of 10
DW = 20 of 95
WW = 1 of 9

We expect to complete zone 8 on 6 Sept 2017. Zone 9 (planned) is the remainder of Brazoria and all of Galveston County:

NPL = 3
RMP = 21
DW = 79
WW = 29

Hope this is what you need.
